**LUXURY RANGE:**  
**The PVE Vacuum Lift**

*The Luxury Home Lift Specialist*

# About Us

We are truly the definition of lift experts, our founders and staff are fully versed in most models and ranges that are available throughout the industry.

High end luxury home lifts are what we do here day in, day out which is why we are specialists in our field.

The big advantage of working with Morgan Ellis Lifts is that we aren't tied to only one manufacturer or standard set of factory dimensions.

We are a one stop lift supplier, we have exclusive access to some of the biggest names within the industry and if a certain lift type or brand isn't right for you and your requirements, we have the luxury of being able to explore an array of other manufacturers and options that will suit your needs best.

Whether you need your lift to be small and discreet or to be a WOW feature and made completely bespoke, we have every lift type and budget covered throughout our range.

Where our competitors may push you in a direction to suit themselves or their needs, we are open and honest with our advice and offerings and the brands we work closely with and the benefits of each particular lift.

This means you are completely informed when making a decision in terms of the right lift for you and can be guided in the right direction for your home or project.

We do bespoke lifts, rectangular, circular, square you name it, we supply it. We can also implement full turnkey solutions to provide a seamless and hassle free process.

We are here to guide you expertly throughout the whole process and into the lift of your dreams.

**Let us elevate your lifestyle to the next level.**

# Our Ranges

Our **Eco** range of products are designed with those in mind who wish to keep the costs down whilst still having a product that fulfils their needs and adds style.

Our **Comfort** range of products are middle of the range in terms of price and specification. With a wide variety of options for customising and bespoke sizes and specifications, these are the most flexible lifts available.

Features such as automatic sliding doors and panoramic cabins that really give that look and feel of a high end lift you may have seen previously.

These beautifully stylish comfort range of lifts are for clients that want the look and feel of a boutique hotel lift right within their home or project.

Our **Luxury** range is exactly that, luxury defined in every single aspect. These are the lifts that stop people in their tracks and create that real WOW factor.

Our luxury range utilises the best lift technology available and the movement between floors is seamless.

These are the lifts that make a statement and truly stand alone within the market. Our luxury range is aimed at discerning clients who want to add a real piece of art into their home and a top of the range lift solution.

# PVE Range

## The Vacuum Lift Collection

Our range of Vacuum Lifts are some of the most sought after and exclusive lifts available from us.

Here at Morgan Ellis Lifts we are pleased to offer three versions of our Pneumatic Vacuum Elevators, these elevators range from a single to two passenger consignment as well as our three passenger wheelchair-accessible cabin.

All of our vacuum home lifts are capable of up to an 15m vertical rise over as many as five floors. The unique design of our vacuum elevators are a perfect choice for any construction project and will enhance the value of your home without the consuming footprint of a traditional home elevator.

The vacuum lift is now available to view and test in our north London showroom.

Visit our website for more details.

# PVE Range

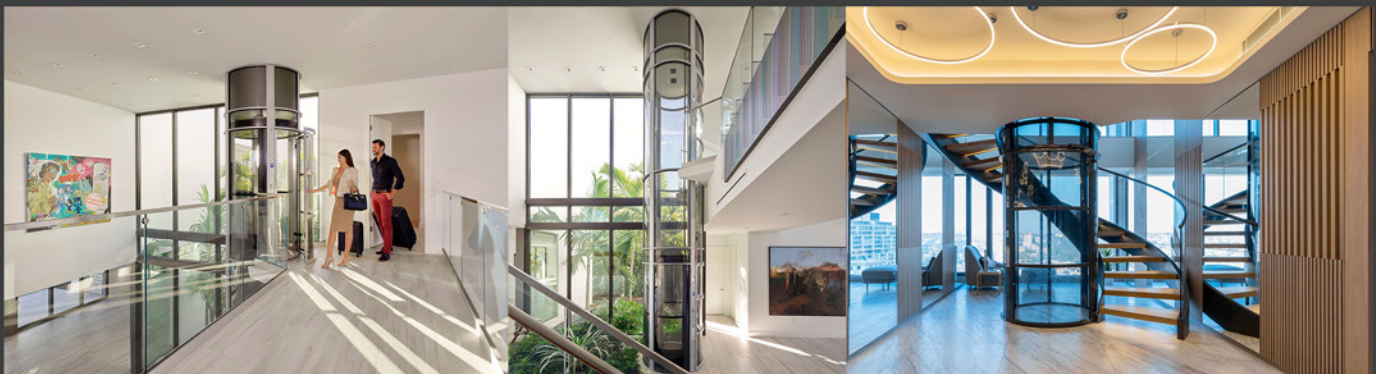

## Benefits of the PVE:

- Ideal for new and existing homes due to the minimal space required.
- No pit required.
- Eco-friendly: powered by AIR.
- Easy, quick and clean installation within 1-2 days.
- 360° Panoramic views: fully transparent view without cables or pistons that block vision.
- 220Volt single phase.
- Absolute Safety: CE Certified.
- In case of power failure:  
The car automatically descends to the lowest level and the electro-mechanical door will open to let the passenger out.

## Options:

- 5 different colours - Black / Navy Grey / Light Grey / Taupe / White
- Foldable car seat (PVE 37 Only)
- Cabin key lock
- Automatic doors
